DETAILS OF THE FIRM

BIPLOB NANDY & ASSOCIATES

Partnership

THE PHILOSOPHY

We try to use **light** as a building material.

We respect five **senses** and work with five **elements**.

Ideas without limits- Fall in love with an idea and relentless fight for its realization.

An attempt to infuse **Culture and Aspiration** that respond to the changing socio cultural, economic and environmental traits.

Participate understand and work with **nature**. Try to extensive use of locally available materials despite the continuous conflict between logical reasoning and creative senses of emotion. Every project aims at exploring and enhancing the **architectonic value** of the design. **Simple** not simplistic, **modest** not monumental. We believe Architecture is search of soul and not cosmetics. Strive for **unity** -Interior, Architecture, Landscape.

We update and **upgrade** ourselves through constant research activities.

THE PARTNERS

Contact no: 9932150243

The firm expanded from modest beginning with four employees in 2003 to the present total strength of 12 personnel. Altogether, the firm has Four Associates- (Structural, Plumbing, Electrical & HVAC) and a team of talented young architects and civil engineers to meet the responsibilities of challenging projects.

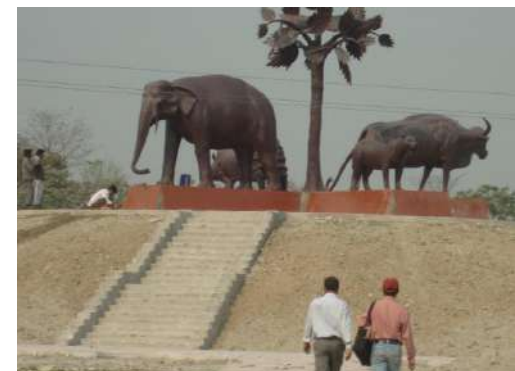

The firm works in the field of architecture, urban design, urban planning, interior design and landscape architecture and project management consultancy. In the relatively short time since its founding, it has risen to the top tier among practicing architects in North Bengal, and has been the pioneer in the urbanscape of North Bengal. Our designed buildings are beautiful, affordable, functional and appropriate.
